FOLLOW THE WORLD PANCREAS FORUM ON LINKEDIN
Dear colleagues,
On behalf of the Swiss Pancreas Foundation we would like to invite you to our World Pancreas Forum and bring together leaders and eminent specialists in the field of the pancreas. The World Pancreas Forum is scheduled to take place for the third time from 6 – 7 February 2020 in Bern, Switzerland.

The main topic of the third World Pancreas Forum is the treatment of pancreatic malignancies, with a focus on specialised multiprofessional and interdisciplinary treatment of disease entities and corresponding standards of treatment and their limitations. Innovations in surgery, state-of-the-art lectures, live surgery and hands on courses will complete the meeting.

Our aim is to organise an outstanding and exciting clinical and scientific programme with leaders and delegates from all over the world. In order to promote treatment of pancreatic diseases and specifically contribute to the formation of young pancreas and HPB specialists, we particularly aim to involve young colleagues.

We look forward to welcoming you in Bern!

Sincerely yours,

Markus W. Büchler          Kaspar Z’graggen          Bruno Schmied
