

Practical Insights in and Translational Aspects of Novel Immune Therapies in Multiple Myeloma

OCTOBER 16, 2023 | CONGRESS CENTER HAMBURG, GERMANY

1:30 - 1:35 PM	Welcome Nikhil Munshi / Hermann Einsele
1:35 - 1:45 PM	Defining the unmet need in relapsed/refractory multiple myeloma Monika Engelhardt
1:45 - 1:55 PM	Resistance mechanisms in multiple myeloma Martin Kortuem
1:55 - 2:05 PM	Proteomics to predict resistance to anti-myeloma therapy Jan Krönke
2:05 - 2:15 PM	Panel Discussion Moderators: Nikhil Munshi / Wolfgang Willenbacher
2:15 - 2:25 PM	Patients and the process - defining patient selection for TCEs/CAR T cell therapy in real world practice - How are we selecting the right patients? Katja Weisel
2:25 - 2:35 PM	Managing short and long-term TCE/CAR T cell toxicities - what did we learn? Marc Raab
2:35 - 2:45 PM	Infections and prevention of infections in patients on BiTEs and CAR T cells Heinz Ludwig
2:45 - 2:55 PM	Panel Discussion Moderators: Noopur Raje / Hermann Einsele
2:55 - 3:05 PM	PI Therapy 2.0 - Can we apply Proteasome Inhibition to modulate Target Antigen expression and efficacy of T cell redirection strategies? Florian Bassermann
3:05 - 3:15 PM	How do metabolic pathways and metainflammation influence T cell redirection strategies? TBC
3:15 - 3:25 PM	New CAR constructs - new redirected cells? Michael Hudecek
3:25 - 3:35 PM	Immune evasion programs in multiple myeloma dissected by liquid biopsy from the peripheral blood Johannes Waldschmidt
3:35 - 3:45 PM	Sequencing of Immunotherapy Maximilian Merz
3:45 - 3:55 PM	Panel Discussion Moderators: Hartmut Goldschmidt/ Christof Scheid
3:55 - 4:05 PM	Mechanisms of resistance to T cell engaging antibodies Niels Weinhold
4:05 - 4:15 PM	Mechanisms of resistance to CAR T cells Leo Rasche
4:15 - 4:25 PM	Future advances in immune therapies and cellular therapy Hermann Einsele
4:25 - 4:35 PM	Panel Discussion Moderators: Martin Gramatzki / Monika Engelhardt / Nikhil Munshi
4:35 - 4:40 PM	Close

The International Myeloma Society gratefully acknowledges the following organizations for their support of the workshop:

Supported by a grant from Pfizer Inc.
